Grade Span: 9-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Table 3: School Description and Mission Statement (School Year 2021–2022)

We the People High School is a public charter school serving 240 students at capacity in grades 9 – 12 located in Long Beach, California. We the People (WTP) High School was granted a 5-year term for the initial charter petition (2019 – 2024) by the Los Angeles County Office of Education in March, 2019. This term was extended to 2026 by AB 130. The school opened in August, 2020 with a first class of 22 ninth grade students. WTP’s educational model enables students to explore and solve local, national and global challenges that speak to students’ interests and passions. WTP is a democracy-building school, where students engage in deliberation, argument, and individual expression as core practice. Using the United Nation’s Global Goals for Sustainable Development as our roadmap within and across subject areas, We the People High School will teach students to apply core subject matter knowledge to investigating big questions. Through projects with and apprenticeships in the non-profit, government, and business sectors, students will graduate from high school having proposed solutions to some of our most pressing challenges.

Mission and Vision

The mission of We the People High School is to empower the next generation of leaders with the knowledge, practice, and tools to radically change the world for the better.

The vision of WTP is to foster an academic environment that leverages our diversity and our city to apprentice students in global citizenship. At WTP, local, national and global issues become the substance of learning where students are apprenticed by expert teachers and community members to engage, investigate, and act to solve some of the

most pressing issues of our time. Students embrace challenges, take risks, and become courageous change-makers who can shape the future of our democracy.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Table 6: Teacher Preparation and Placement (School Year 2019–2020) NOTE: We the People High School was not open in SY 2019-2020

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Table 11: School Facility Conditions and Planned Improvements

We the People High School's facility is safe, clean, and conducive to learning. The school facility was inspected on 8/17/2020 by the Facilities and Construction unit from the Los Angeles County Office of Education, and was deemed in good to excellent condition for use by students and staff. The following categories were examined and found to be compliant: General – Paperwork, Reports, and Miscellaneous, ADA Compliance (overall), Fire/Life Safety, Interior – Good Repair/ Cleanliness, Exterior – Good Repair/ Safe. The following upgrades were made in October, 2020 based on this report:

- Fire/ Life Safety: Evacuation plans posted by each entry, fire extinguisher inspection tags added.
- ADA Compliance: Visually impaired signs added at every entry/ exit.
- Interior – Good Repair/ Cleanliness: Carpet was added to classroom 1 and staff lounge to patch missing sections, damaged drywall in classroom 1 replaced, lightbulbs replaced in restrooms and classrooms.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **SARC Reporting in the 2020–2021 School Year Only**
Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:
 - Aligned with CA CCSS for ELA and mathematics;
 - Available to students in grades 3 through 8, and grade 11; and
 - Uniformly administered across a grade, grade span, school, or district to all eligible students.
 - **Options:** Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:
 - Smarter Balanced ELA and mathematics summative assessments;

- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

**Table 14: CAASPP Test Results in ELA and Mathematics for All Students
Grades Three through Eight and Grade Eleven taking and completing a state-administered assessment

Subject	School 2019– 2020	School 2020– 2021	District 2019– 2020	District 2020– 2021	State 2019– 2020	State 2020– 2021

Mathematics (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/T

Note: The 2019–2020 data cells with N/A values indicate that the 2019–2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019–2020 school year.

Note: The 2020–2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020–2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–2021 school year to other school years.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Table 24: California Physical Fitness Test Results (School Year 2020–2021)

Note: Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020–2021 school year and therefore no data are reported.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Table 25: Opportunities for Parental Involvement (School Year 2021–2022)

Parents and guardians are critical partners in creating an educational environment that supports individual student needs. In our first year of operation during the 2020-21 school year, WTPHS launched monthly Parent Organizing Committee meetings open to all parents at the school. Moving into the 2021-22 school year, the POC has formed a leadership council that reviews current school practices and makes recommendations to school leadership to build a supportive and inclusive environment for all students. WTPSH uses multiple forms of communication to ensure all families have access to information and to teachers and staff. This includes: two-way multilingual texting, email, phone calls, bi-monthly newsletters sent via email and USPS. Teacher advisors communicate regularly with families regarding individual student progress. WTPHS holds 3-4 public events throughout the school year where families are invited to learn from students and teachers about what students are learning and doing in school. These include in-person and virtual open houses, Exhibitions of Learning, and special events like Earth Day. These events are led by students and staff.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC Web Application as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC Web Application. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
